

REMARKS

The Examiner has required the applicant to elect to prosecute one of two groups of claims identified in the Office Action. In response to the restriction requirement, applicant respectfully elects to prosecute the claims drawn to a method of adjusting an insulin dosing schedule, without traverse. Applicant has cancelled all of the original claims, Claims 1-131, and hereby submits a new set of claims drawn to a method of adjusting an insulin dosing schedule. In effect the claims of Group II drawn to a method of converting a change in an insulin dosage have been withdrawn and are not included in the new set of claims.

Upon entry of this Amendment, Claims 132-265 are pending in the present application. Favorable action in regard to the application is earnestly solicited. Should the Examiner have any questions regarding this response, the Examiner is invited to telephone the undersigned attorney.

Respectfully submitted ,
